TERMS & REQUIREMENTS	
Delivery term	FOB Busan Port, Korea, as per your price list PL# 20250601.
Payment	60 days from invoice date.
Production	4–5 weeks ex-factory after final confirmation. Please confirm the date for this container.
Container	One 40ft at 21,967 kg. Your sheet states 18–22 MT per 40ft, so this is a full load; adjust ±10% to optimise stuffing if needed.
LME – Part A	**Fixed.** Please state the fixed figure and the fixing basis on the proforma invoice.
LME – Part B	To be fixed before shipment under **option 3** of your list – official LME cash settlement on an agreed date.
Standard	**ASTM B 280**, ACR, suitable for R-410A, working pressure above 500 PSI.
Certificates	**Mill test certificates with the shipment** – our end clients (PAHW, KOC and their consultants) will not approve the material without them.
Brand	NWM only. No substitute brand is acceptable on these items.
Packing	NWM standard bundles, capped both ends, marked with size, wall thickness, type and heat number.

Basis of the quantities. Every size we carry is on the order. Quantities are pro-rata on requirement – sized from warehouse stock at 08-11-2026, the two shipments at sea (NW-260917E and NW-261006A), seven open customer orders and 12-month consumption – then rounded to whole bundles. Full requirement is 34,598 kg; this container takes 21,967 kg and the balance of 12,631 kg follows in the next one. Descriptions in red are sizes already oversold against stock and the shipments at sea. 2-1/8" Type K and 1/2" Type L carry one bundle each as a minimum; both have about 7 months of cover and are on the order only to keep every size represented.
